The Bhaktivedanta Gurukul - This model of education is based on Indian Gurukul style of education adapted to contemporary societal needs. Bhaktivedanta Gurukul offers the best of both worlds - traditional and modern, Vedic and contemporary, spiritual and temporal. Simultaneously students inculcate spiritual values based on teaching given in Bhagavad-Gita. Thus, the Bhaktivedanta Gurukul experience gives a student the opportunity to excel in his studies while holding on to spiritual values. The outcome is a well balanced individual ready to take on life's challenges. Each feature of Bhaktivedanta Gurukul is geared to bring out the best in every student. To offer them not just classroom lessons but a few lessons in life as well. To help them rise above just being good students and let them out into the world as good people.

'NOURISHING THE BODY, MIND AND SOUL'

SPORTS

Sports serve as a healthy outlet for the youthful energy. Besides providing excellent physical exercise, it helps develop quick thinking, the ability to work in teams, and the capacity to acknowledge the skills and capabilities of others. Students are trained in games like chess, badminton, kabaddi, volleyball, kho-kho and many more.

MUSIC AND DANCE

The Music Department of our school will give training to students in Indian traditional instruments such as the Mridanga and Harmonium. We also train them in vocal Hindustani classical music as well as bhajans. Traditional Indian music is a powerful and devotional art form and we encourage all students to actively engage in any one of them.

QUIZ AND LITERARY EVENTS

For every major festival, students participate in a literary quiz. Questions are from ancient scriptures, i.e. Bhagavad Gita, Srimad Bhagavatam, Ramayana, Mahabharata and the Puranas. The prize giving ceremonies are a spectacular event.

DRAMATICS

With classroom plays and productions performed before hundreds, the drama department brings life, color and energy to the school. Learning through drama has always been effective - voice, movement, teamwork and memorization are some of the skills learned, not to mention handling the excitement of the performance.

ART

Art is an integral part of learning at Gurukul school where students are encouraged to express themselves through a variety of art activities such as sketching, modeling, paper mache, painting and mask making. Students participate in inter school art competitions and also engaged in the decoration of their school campus.

YOGA RETREATS
